

OUR SERVICE IS YOUR PERFORMANCE

Competence, reliability and close personal contact guarantee the trust of our customers.

We define ourselves as a traditional and independent universal bank in the heart of Europe, offering our regional clients global solutions.

Our advice comes from one source in all areas of wealth and financial activity. Our clients range from international companies to small and medium-sized enterprises, private clients, foundations and family offices.

We assist our companies in working capital financing as well as export, investment and equity financing at the national and international level. We also specialize in private banking, asset management and real estate financing.
